W. C. T. U. Meeting

What proved to be a record meeting of the W. C. T. U. occurred at the home of Mrs. H. D. Hall, Tuesday afternoon with 28 present. The keynote of the president's talk was the meaning of true "Success."

W. C. T. U. headquarters reports prompted the president to interest the members in the million membership campaign to "make the world all white."

How it came about that there was but a feeble response nobody could quite understand and the president, greatly mystified, proceeded to the next business in order. Hardly anybody was prepared for the "little" list of new members presented by one members as her work for the society. When the treasurer counted the names there were 33 and one faithful member has added four since then. After well merited applause Mrs. Geo. Plowman gave an excellent lesson on the moral training of children, quoting that if the child was rightly trained between 7 and 14 years, 95% of children would be saved to good citizenship.

"Mrs. Busybody Joins the W. C. T. U." was given by Viola Anderson and Hazel LaBar.

The pleasant session closed with a social hour, during which refreshments were served by the hostess and her sister, Miss Alta Brownlee.

The Baptist Church

Ralph A. Craig, Pastor.

Sunday school and B. Y. P. U. at the regular hours. Preaching morning and evening by the pastor. Prayer service Thursday evening at 8:00 o'clock.

Our prayer meeting attendance is growing. Those who actually try it find that the prayer meeting supplies a great need in their life. To stop in the midst of the weeks toils, anxieties, troubles and sorrows, to come and spend an hour in God's house and with His people in prayer and praise is worth the time and trouble it costs anyone. The same is true of our Sunday school and in fact all services of the church. You will enjoy your Sunday much better if you go to church. We are glad to see and welcome you at the Baptist church.

For Sale

No. 4 Sharples cream separator in good condition. Price \$25.00. Inquire of Henry Culbertson, Laclede, or phone 17F12, Brookfield.

ON LOCAL SUBJECTS

Local Items and Interesting Bits of News of All Sorts

Another benefit picture show will be put on next Thursday by the P. E. O. ladies. A part of the net proceeds go to the Laclede public schools where it is badly needed. Just what the program will be is not yet known but it will be some well known star, equal to their recent program.

Friday and Saturday of this week will be wallpaper days at the Barton drug store. The announcement of this important event will be found on the fourth page of The Blade today. If you are going to need any wallpaper this season it will be in order for you to see this special stock brought on for your convenience.

Many old timers who remember when young James J. Corbett thrashed the giant Sullivan, will see the ring veteran at the Laclede theatre next Saturday night, where he is starring in "The Prince of Avenue A," his latest Universal photodrama. "Gentleman Jim" is acknowledged to be as clever as an actor as he was a fighter.

The Ladies Aid of the Forker church will hold a chicken pie supper and bazaar at the church next Wednesday evening, March 23. Serving will begin at 6:30 at 50 cents per plate. It goes without saying that this will be a supper worth attending as no community has a better lot of cooks or more hospitable people than the Forker neighborhood.

Manager Patterson was on the St. Joseph market Friday with a car of stock for C. A. Read, A. B. Henderson, D. R. Rowland, Joe Dodd, Clyde Day, P. H. Hoyer, Shelby Cross, H. H. Hoyer, Wm. Matthes, C. E. Goosey, W. O. Z. Endicott, R. A. Dodd, John Peer, Wm. Tharp, T. J. McKanna, W. H. Robbins, and Lee Landree.

The school board met Monday night and among other business made the usual order for holding the annual election on Tuesday, April 5. J. W. Power, Thos. Wood and Henry Ehrich were appointed election judges and Wm. Lomax and S. M. Brown, clerks. The levy for school purposes and for maintenance of grounds and betterment of library is the same as last year. While the cost of running the school has greatly increased the board figures that with practicing economy as far as possible the school will run through the term without a deficit. Superintendent Trippeer and her corps of assistants are giving us a good school, free from friction of any kind and splendid work is being done in all departments.

Barred Rock Eggs

Barred Plymouth Rock eggs for hatching. Range \$5.00 per hundred; pen eggs from extra laying strain with yearly records up to 290, \$2.00 per setting. Mrs. A. M. Walker, Laclede, phone 704.

The New School Law

There was a good attendance at the monthly meeting of the Parent-Teacher Association at the school auditorium Wednesday evening. The feature of the evening was a good talk by County Superintendent Hortenstine on the county unit bill which he fully explained.

The bill passed the senate on Tuesday and is now up to Governor Hyde for approval. This law does not effect the first class high schools and therefore does not apply to Laclede. It seems only to be a way to make consolidation easier as the county board and county superintendent may discontinue any rural school that does not meet certain requirements of which there are a number in the county.

The first election under the new law will be held in August of this year.

Notice To Bee Keepers

While re-arranging your spring work, do not overlook the bees. Bees if transferred to a new up to date hive, would make you twenty pounds of honey where they now make one. Why not introduce some new blood in the way of Italian queens, and make bee keeping worth while. You would not think of raising live stock in the way our forefathers did, but remember bees are considered live-stock, and one worthy of the name. Not only the honey of which we are so fond of, but the fertilization of our fruit and clover blossoms of which are worth boundless sums of which we are not aware. So get busy and put the bees on a basis with other agriculture work. I am handling the famous Beeware brand of hives and wooden goods, and the Dadants brand of foundation, none better. The bees like it—try some. And of course you will need a smoker, a veil and some other necessities. I have them in a variety of styles; catalog mailed on request. If there is anything you do not understand do not hesitate about asking, it may be that I can help you. Peach Grove Honey Farm, C. H. Gable, Proprietor, Laclede, Mo., phone 903.
